#### **GBP/USD** loses traction, declines below 1.2850

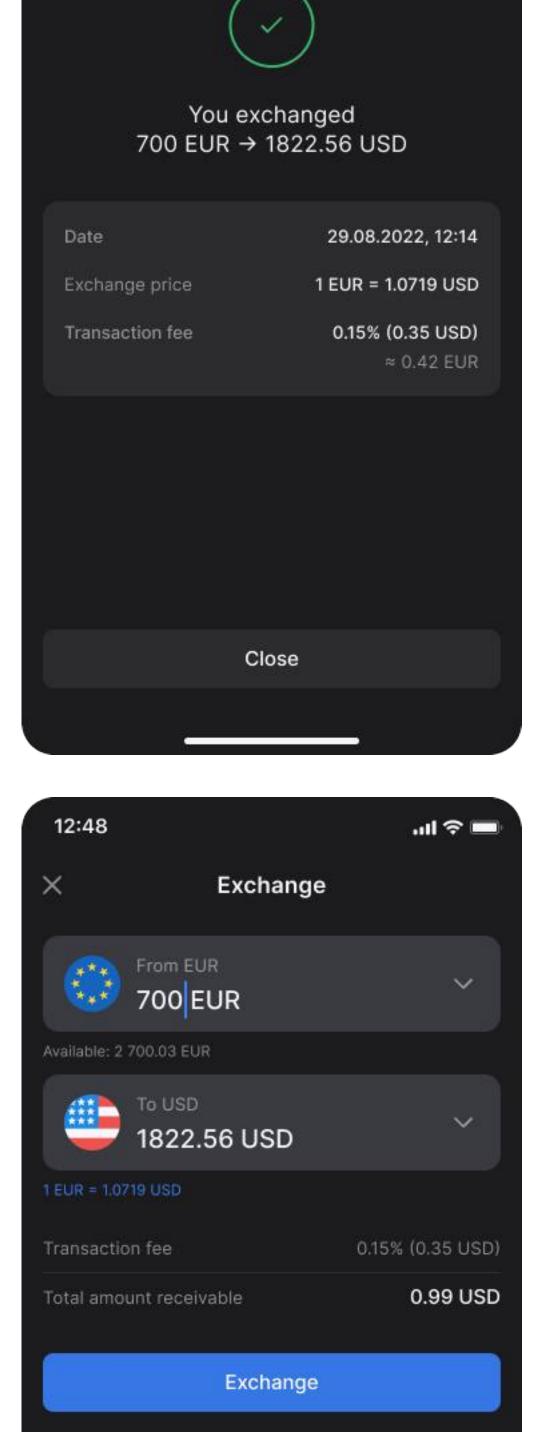

Today, 18:31

GBP/USD has lost its traction and declined toward 1.1300 after having opened with a bullish gap and climbed above 1.1400 during the Asian trading hours on Monday. The disappointing PMI data from the UK makes it difficult for the British pound to gather strength and the souring market mood suggests that the dollar could continue to outperform its rivals.

Over the weekend, Boris Johnson announced that he pulled out of the conservative leadership race. Currently, Rishi Sunak is widely projected to replace Liz Truss as he holds a comfortable lead over Penny Mordaunt, who is not expected to receive enough support to challenge Sunak before Monday's deadline. Although this development could have a short-
